

LAKE TECHNICAL CENTER / ADULT EDUCATION CLASSES

2001 Kurt Street, Eustis, FL, 32726.

For additional information, please contact the Adult Education Office at 352-589-2250, ext. 137.

Adult education students must fill out an application and registration form, pay a \$10.00 non-refundable registration fee, which must be paid during regular Business Office hours (8:00 am-3:30 pm), and take the Test of Adult Basic Education (TABE) prior to starting class. The complete battery TABE for adult education is given on Tuesday at 8:15 am and 3:15 pm and takes approximately four hours to complete. A Government-issued, picture ID is required prior to testing. Cell phones are not allowed in the testing room.

ABE/GED CLASSES: To enroll in Adult Basic Education (ABE) or GED Prep classes, you must be at least 16 years old and officially withdrawn from high school/private school/home school. A copy of your withdrawal form must also be provided. (To withdraw from home school, contact Student Services at (352) 742-6951.) If you are under 18, your registration form must be signed by a parent or guardian. You may choose a schedule from below to attend classes at Lake Technical Center or at one of the off-campus sites, space permitting.

ONLINE ABE/GED/VPI CLASSES: These classes are available to those students who have Internet access and a valid email address. Please speak to an adult Education staff member for more information.

VPI CLASSES: Speak with a guidance counselor regarding class fees and the scores required for the desired program. There is no charge for students who have not earned a high school diploma or for those with a high school diploma who score less than a ninth grade level on the TABE. For those who are required to pay, the fee is \$2.55 per hour. Class fees are based upon a 12-hour enrollment period and include both present and absent hours during that enrollment period. Individual schedules will be chosen at the time of enrollment.

Lake Technical Center will provide appropriate accommodations for adult education students with documented disabilities in accordance with the Americans with Disabilities Act (ADA). To schedule an appointment with a guidance counselor to apply for accommodations, please call Lake Technical Center at 352-589-2250, extension 106.
