Lake Technical College is pleased to announce the addition of a Full-Time Day Practical Nursing Class beginning in January, 2015!

The demand for our Health Science programs has been so high that we want to provide interested candidates with a new opportunity to join one of our Practical Nursing programs.

The 1350 hour program will meet Monday-Friday from 8:15 AM to 2:45 PM for class and have varying times for clinical experiences. The start date will be January 20, 2015. The completion date for the program will be in December, 2015.

Interested candidates must complete the following steps to be considered to enter the program:

1. **Complete a Lake Technical College application at www.laketech.org**

2. **Take the TABE test, if applicable, and meet with career advisor**
   (Note: If you graduated from High School in the State of Florida after 2007, you __may__ be exempt from taking the TABE test. Please see one of our career advisors for verification.)

3. **Take the TEAS test (Nursing Entrance Exam) – during the month September, 2014**
   The TEAS test can be taken at Lake Technical College. The test is administered on Mondays (8:00 AM to 4:00 PM) and Thursdays (8:00 AM to 2:00 PM) during the application month **(September 2014)**. Speak to one of our career advisors if you have taken the TEAS test at another institution for specific instructions on transferring your score, if you have tested within the last two years.

4. **Interview with Health Science Department Chair/Instructor(s)**
   (Note: Candidates will be granted interviews based on the established TEAS test qualifying score. This score is mean average of scores for all applicants who took TEAS test during the application period. With this in mind it is extremely important that candidates prepare to take this test.)

This program requires full commitment and dedication from the student. Time management and strong study skills are essential for success. Financial aid is available for those who qualify.

Your nursing career begins at Lake Technical College!
