# Newspaper Clipping Generator

---

This week's tip features a website that allows you to generate your own bogus newspaper clippings that look amazingly authentic. Something fun to tinker with over Spring Break. ☺

Newspaper Clipping Generator

Here's an example:

Creating an article of your own:

1. Go to http://www.fodey.com/generators/newspaper/snippet.asp .
2. Fill in the fields for:
   – Name of the newspaper
   – Date
   – Headline
   – Your own news story
3. Click the "Generate" button at the bottom of the page.
   Note – you can click this button at any time to see your article as you develop it.

Sharing the article:

Here are some options:

A. Click the "Click here to save your newspaper" link to save your clipping as a .jpg.

1. Right-click (Windows) or control-click the image to copy it to your clipboard.
2. Print the page and cut out the article.
