

Student Seminars

FREE Seminars for Lake Tech Students

- *Learn what employers in Lake County look for*
- *What skills do you need to keep your job?*
- *What does it take to be an entrepreneur?*
- *Learn the basics of Personal Finances*
- *Seminars from local professionals*

Starting Up A Business October 18 and December 13

This seminar will help you discover if you have what it takes to be an entrepreneur. Steps you will need to consider when starting up a business; such as financing, location, and business plans.

Exploring Employer Expectations December 8, 2016

Find out what employers are really looking for in prospective employees here in Lake County. Learn from an experienced professional what skills these employers need and what skills they require for their employees to succeed and be promoted.

Personal Finance January 2017

Learn a few budgeting tips, what types of savings plans are available, how credit works, how your credit score is calculated and how you can increase it. Different retirement plans will also be introduced.

How to Keep Your Job February 2017

Learn from a local human resource trainer what qualities will keep you on the job and what habits you should never bring to the workplace.

All seminars will be one hour in length. As seating is limited, and seminars will be held during program hours, please sign up through your instructor. The seminars will be held on the main campus. The exact location will be announced closer to the date of the seminar.
