# Google Timer

1. Go to the Google Search Page: www.google.com
2. Enter: *timer 5 minutes* (or whatever time you want)

3. Press the enter key.

4. The timer will automatically start counting down!
   Click the speaker icon to mute the alarm.
   Click the frame icon to switch to the full-screen mode.

Important Note for Google Chrome Users:
If you use the Google Chrome browser, you can just type, "timer 30 seconds" into the location bar at the top of any page! Then press the "Enter" key to activate the timer.
