

Quick Rubric

Now that formal evaluation season is on.....

Found a free rubric creator that was indeed, quick. What I really liked about it was that it saves your rubric and you can quickly go in and edit it for another assignment. Each rubric is also provided a custom URL so that if you would like your students to view the rubric online instead of copying/pasting/downloading, etc., you can utilize that feature. Of course, you can also print the rubric.

There is a quick and easy account creation; take the time to read the link on the bottom of the home page entitled, “Tips to Writing A Strong Rubric.”

Let me know if you need help with this. Happy Rubricing!
