

QUIZIZZ

Professional Development

This tool is similar to Kahoot and just as easy to use, but has more functions than Kahoot! Give it a try.

This was what we learned at Friday's teacher workshop. Come by on Friday, March 2 to create one!

Quizizz is a **fun** way
to **review** and **assess**
your students.

Quizizz is super simple to use, You can [get started](#)
in less than **5 mins.**

Quizizz

@MistryKlusener

Middle School Teacher, Felton CA

Aaahh, @quizizz ... The only time I've heard Ss ask if they can take a quiz again...b/c it was FUN!

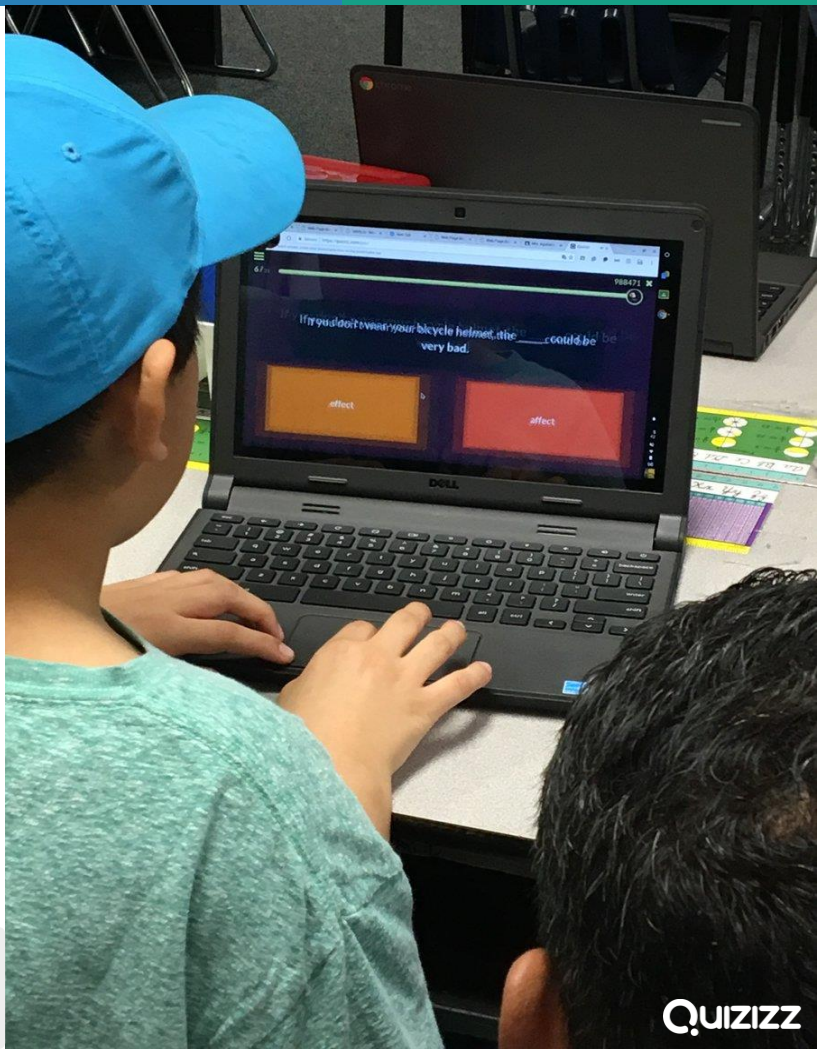

Student Paced

Because every child is different!

Creates an **inclusive** learning environment.

Every student gets a chance to answer at their own pace.

Doesn't promote students to focus only on **speed**.

Quizizz [iOS app](#) reads out the question to students, use this to make your class more inclusive.

Real Time Feedback

Helps you Identify topics and students on which you should focus the most.

Instant reports at both the **class level** and for **individual students**.

Auto generate graded reports in **excel, pdf** and other formats.

Complete access to all your old game data..

Involve the **parent** in child's learning. Share the report with them with just a simple click.

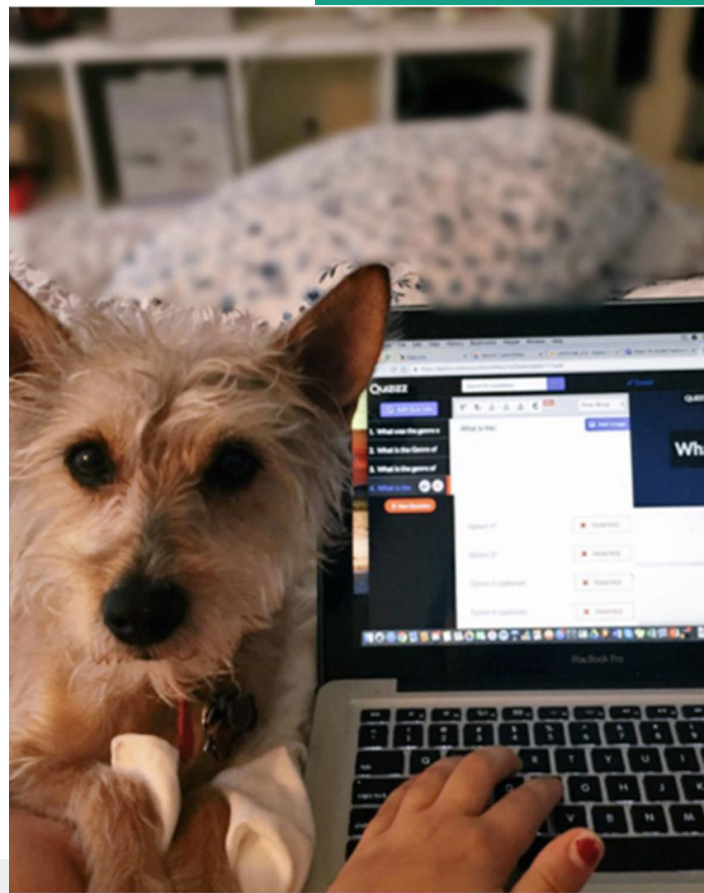

Question Library

Millions of quizzes from other teachers

Search from **millions** of public quizzes.

Content covering all **topics** and **grade levels**.

You can **copy, edit** any public quiz and organize it in collections (folders).

Pick individual question from public quizzes while creating your question set with our [teleport](#) feature.

How would you like **20%** of your week back?
@quizizz @jcorippo #SYCC2016”

@AnnKozma723

TOSA, 13 years in education.

BYOD

Works on any device with a browser.

Apps available on different platforms

Available on the
App Store

available in the
chrome web store

You can also [print any quiz](#) as a worksheet for students without access to a device.

IT IS SUPER FUN!

HIGH FIVE

YO

Memes & Avatars

You can add your own [custom memes](#). Create memes from student's pic, school mascot etc and make your quizizz more personal.

How to use Quizizz in your classroom

QUESTION SETTINGS

	Jumble Questions Jumble the order of questions for students	<input checked="" type="checkbox"/>
	Jumble Answers <small>NEW</small> Jumble the answers for each question	<input checked="" type="checkbox"/>
	Show Answers <small>NEW</small> Show answers after questions	<input checked="" type="checkbox"/>
	Show Quiz Review Students see all questions at game end	<input checked="" type="checkbox"/>

GAME SETTINGS

	Show Leaderboard Show leaderboard on student screen	<input checked="" type="checkbox"/>
	Question Timer Students get more points for faster answers	<input checked="" type="checkbox"/>
	Show Memes Show funny pictures after each question	<input checked="" type="checkbox"/>
	Play Music <small>NEW</small> Play music on student devices	<input checked="" type="checkbox"/>

Formative Assessments

Get a quick snapshot of student understanding with a Quizizz game.

With the **game settings**, you can customize the Quizizz experience to suit your classroom needs

Jumbling the question and answer option prevents “unwanted collaboration” in the class.

Quizizz for Homework

Engage them and reinforce learning outside the classroom.

Quiz stays open for students to attempt at their own time.

Students can attempt the quiz **multiple times** and you get all performance data in real time.

@RoxyGirlTeacher

8th grade math teacher

My S's are loving the competition in the @quizizz Homework option. Ss are doing the HW **multiple times** to try and beat their score :O

Students can [resume homework](#) on different device in the homework mode.

Exit Ticket

End your lesson with a quizizz game to understand common misconceptions with the day's lesson.

Introduce a new topic

Understand the knowledge gap in the prerequisites for this new topic.

Create a homework game, based on this feedback and let students practice and improve on their own time.

Review it again at the end of the week to see the improvements.

Student Collaboration

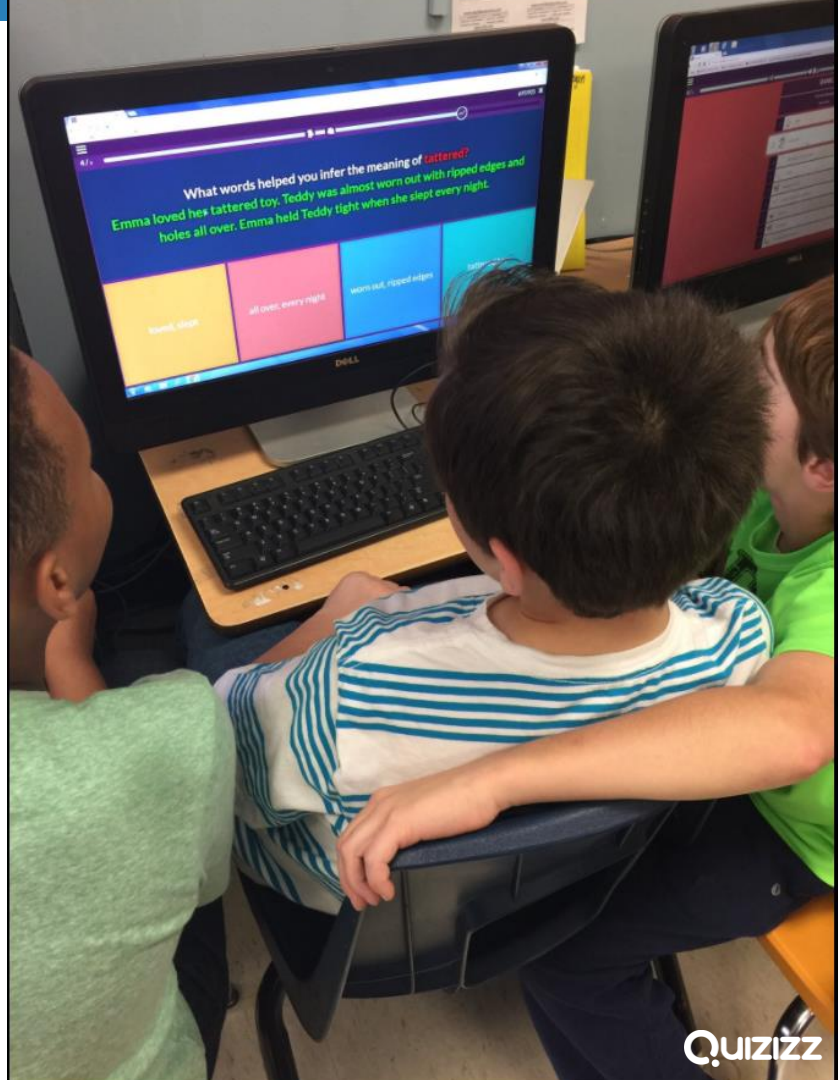

Use Quizizz to promote collaboration in your classroom.

Involve students in the quiz creation process.

Share a **Google form** and ask students to enter their questions.

Export all the responses from Google sheet as a CSV file.

Upload to Quizizz with a single click.
[Check this video](#) explaining the process.

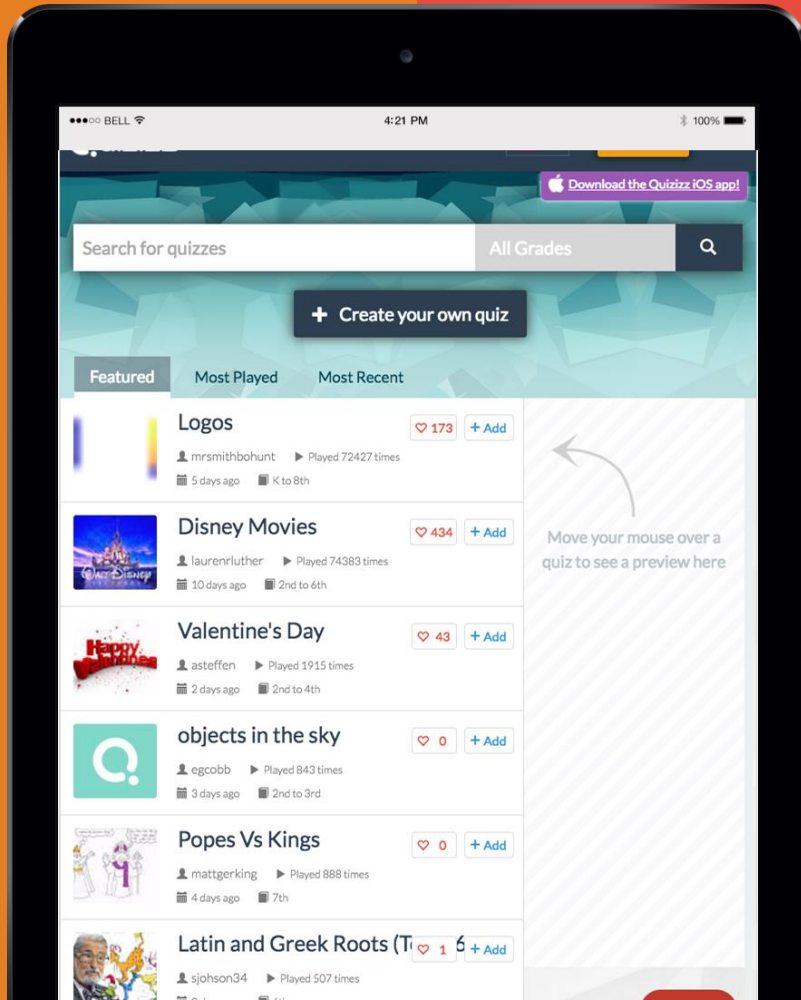

How Quizizz Works

Conducting A Game

- 1 **Search** and **discover** a quiz.
- 2 Start a **live or homework** game.
- 3 **Share** the code with your students.

Quizizz integrates seamlessly with [Google Classroom](#). You can share the code with a click.

4

For the Live mode, click on “**Start Game**” when students join.

5

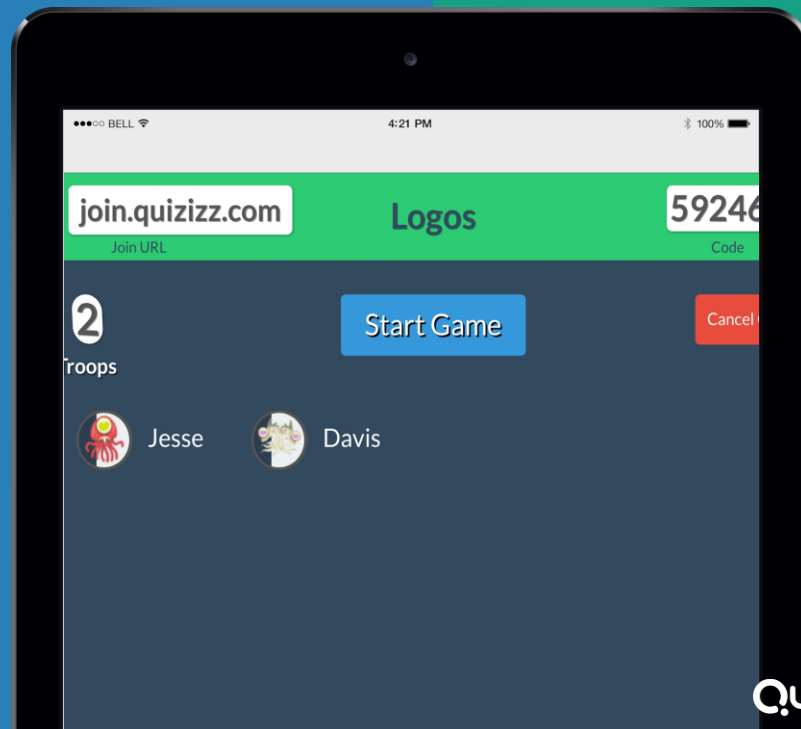

Students respond on their device and your dashboard updates in real time.

6

[Review](#) the results with your class

This [video](#) explains the process in detail on how to conduct a quiz.

Now you can
TELEPORT
questions into your Quizizz

QUIZIZZ

Teleport a question

Create a quiz in no time.

- 1 **Search** for relevant quiz.
- 2 Find the question(s) you want
- 3 Hit the little **red** button to add it to your Quizizz!

You can learn more about the [Teleport](#) feature from here.

Check out our [help section](#) for more questions.

Video Resources

Get started with these simple videos.

- 1 [Quizizz Homework](#) via Google Classroom
- 2 [Create](#) a quiz.
- 3 [Detailed Video](#) on how to conduct a quiz.

You can follow [this guide](#) to get started in no time.
