The Family Educational Rights and Privacy Act of 1974 (FERPA) is a federal law that protects the privacy of student educational records. Even though Career Dual Enrollment (CDE) students may be considered “dependent minors,” under FERPA they have rights to privacy in all matters relating to their post-secondary educational record. Generally, Lake Technical College (LTC) will not release details relating to protected student information to non-LCSB officials without the student’s written consent. The practice of not releasing information extends to the release of information to parents and guardians. LTC strongly suggests that students complete the LTC Release of Information Form (below) in order to comply with FERPA guidelines prior to enrollment so LTC will be able to communicate with the parent/guardian.

As a CDE student, LTC’s communication with the home high school guidance counselor, staff, and/or administration is absolutely necessary and allowed without written consent. Under FERPA, the CDE postsecondary student may elect to allow LTC to speak to additional individuals (parents/guardians/etc.) with written consent, or they may elect to decline the release of any information to these additional individuals. Please indicate your choice below:

Security and confidentiality of education, health, and medical records are of critical importance to Lake County Schools. Information contained in a student's educational record is protected by the Family Educational Rights and Privacy Act (FERPA) of 1974 (20 U.S.C. §1232g). "Education record" includes those records, files, documents, and other material that contain information directly related to the student and are maintained by Lake County Schools or a person acting on behalf of Lake County Schools. The Health Insurance Portability and Accountability (HIPAA) of 1996 Privacy Rule (Code of Federal Regulations, Title 45, Part 164) governs how "covered entities" may use and disclose "protected health information." Lake County Schools personnel adhere to all regulations contained in relevant Federal laws and Florida statutes.

Your authorization to release this information is strictly voluntary. You may revoke your authorization for release in writing at any time by providing a written revocation to Lake County Schools. However, any written revocation will not apply to any information already released in response to this authorization. **Without any written revocation, this authorization will remain in effect for one (1) year.**

You have a right to inspect and obtain a copy of any information disclosed. You acknowledge that once disclosed, protected health information may be subject to redisclosure by the recipient, and may no longer be protected by HIPAA's privacy rules.

Per FERPA, educational records requested from a receiving educational institution do not require parent signature for release.

I understand that by signing this authorization, I am waiving my rights of nondisclosure of these records under federal and Florida law only to the persons or entities specifically listed.

I, _____ (Parent/Guardian/Eligible Student), hereby give my permission for _____ to share records by verbal, written, or electronic means with the Lake County Schools' personnel.
