

Lake Technical College

**Program Requirements and Expectations
And Master Plan of Instruction**

Baking and Pastry Arts

Chef Nicole Austin, CCC, Department Chair

2026-2027

The mission of Lake Technical College is to be an integral component of the economic growth and development in our communities by offering a variety of high quality career-education and training opportunities.

Lake Technical College does not discriminate on the basis of race, religion, color, national origin, gender, genetic information, age, pregnancy, disability, or marital status in its educational programs, services or activities, or in its hiring or employment practices. The district also provides access to its facilities to the Boy Scouts and other patriotic youth groups, as required by the Boy Scouts of America Equal Access Act, or any other youth group listed in Title 36 of the United States Code as a patriotic society.

LAKE TECHNICAL COLLEGE

Program Requirements and Expectations

ADMISSION REQUIREMENTS

Applicants must be at least 16 years of age and should be academically, physically, and emotionally capable of meeting the demands of the chosen program. Applicants make initial application through the Admissions Office. A minimum skills evaluation is part of the admission process.

The Career and Technical Education programs have the following minimum admissions requirements:

1. Complete an LTC online application.
2. Take the basic skills examination, if required.
3. Meet with a career advisor.
4. Fulfill additional entry requirements as needed for individual programs.

A high school diploma or GED is not required to enroll in most programs. However, it is **recommended that all students complete either a high school diploma or a GED prior to program completion.**

TESTING REQUIREMENTS

All applicants for Career and Technical Education (CTE) programs 450 hours or more, with the exception of Florida Law Enforcement Academy and Paramedic applicants, take a state mandated basic skills evaluation prior to enrollment. Basic skills evaluation scores must be valid at the time of enrollment. Testers must be 16 years of age or older.

If a student has met or exceeded standard scores on one area of one test, they may use another test to meet the additional skill area requirements. It is acceptable to combine test scores from more than one test. (Rule 6A-10.315, F.A.C.)

Assessment instruments meeting this requirement include:

Per 2020, FS [1008.30](#) – Common placement testing for public postsecondary education and [Rule 6a-10.040](#) (eff. 2/16/21)

No expiration date:

- Tests of Adult Basic Education (TABE), Forms 11 and 12, 2017;
- Comprehensive Adult Student Assessment System (CASAS), GOALS 900 Series, 2019;
- 2014 GED® Tests: Reasoning through Language Arts and Mathematical Reasoning where a minimum score as required in [Rule 6A-6.0201, F.A.C.](#) (eff. 3/23/16), has been attained on each test.

Good for 2 years from the date of testing:

- A common placement test where a minimum score has been achieved pursuant to [Rule 6A-10.0315, F.A.C.](#) (eff. 9/24/19);
- PERT, SAT, The College Board, ACT, Next Generation, ACCPLACER, The College Board

Per 2020, FS [1004.91](#), FS [1008.30](#), and the [2021 CTE Basic Skills Assessment Technical Assistance Paper](#) – Requirements for career education program basic skills – Programs 450 hours or more

- An adult student with a disability may be exempted. (per [Rule 6a-10.040](#) (eff. 2/16/21), FS [1004.02\(6\)](#) (eff. 2020) – must follow LTC policy and process);
- A student who possesses a college degree at the associate in applied science level or higher;
- Any student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma. (*Graduated 2007+*)
- A student who is serving as an active duty member of any branch of the United States Armed Services;
- A student who passes a state or national industry certification or licensure examination that is identified in State Board of Education rules and aligned to the career education program in which the student is enrolled;
- An adult student who is enrolled in an apprenticeship program that is registered with the Department of Education in accordance with chapter 446;

- A student who demonstrates readiness for public postsecondary education pursuant to s. [1008.30](#) (see *testing chart below*) and applicable rules adopted by the State Board of Education. If a student has met or exceeded standard scores in one area of one test, another test may be used to meet the additional skill area requirements. It is acceptable to combine test scores from more than one test;
- A student who was previously tested and referred to developmental education at a Florida College System (FCS) institution college may be reported as meeting basic skills requirements once they successfully complete the required developmental education and will not need to be retested.
- Students enrolled in school district or FCS institution law enforcement training academies are not subject to basic skills exit requirements in s. 1004.91 F.S. or Rule 6A-10.040 F.A.C. The Florida Department of Law Enforcement (FDLE) has designated the Florida Basic Abilities Test (FBAT) for use with these students; please refer to [s. 943.17\(6\), F.S.](#) for more information.

Applicants transferring appropriately leveled TABE, CASAS GOALS, GED® test sections, or other common placement tests must do so by having an official score report sent directly to the Admissions Office prior to enrollment in the program. Scores brought by hand will be accepted only if the document provided by the outside testing center is in a sealed envelope.

Remediation of Basic Skills

Students who do not meet the basic skills exit scores set by the Florida Department of Education for their program are strongly encouraged to begin attending remediation classes prior to or at the time of enrollment in a Career and Technical Education program and make acceptable progress as determined by the ASB faculty member. Lake Technical College follows vendor guidelines for all retesting. Students with an approved early testing waiver may be permitted to test early. It is highly recommended students meet state mandated basic skills requirements by the time they have completed 50% of their program. Students who do not meet state mandated basic skills exit scores may not receive a certificate of completion as per Florida Department of Education rules.

Some basic skills test scores are good for two years and must be valid at the time of enrollment. Basic skills test scores that expire during continuous enrollment remain valid until the end of such enrollment. Under continuous enrollment, students must be enrolled at least 50% of each semester. Continuous enrollment applies to attendance in a single program.

DISABILITY ACCOMMODATIONS

Federal and state legislation requires the provision of accommodations for students with disabilities as identified on the secondary student's IEP or 504 plan or postsecondary student's accommodations plan to meet individual needs to ensure equal access. Postsecondary students with disabilities must self-identify, present documentation, request accommodations if needed, and develop a plan with their postsecondary provider.

Students desiring accommodations or updates to their accommodations are encouraged to self-identify before or as soon as possible to the special populations staff and provide documentation that clearly shows evidence of a disability and applicable accommodations. The special populations staff will schedule a meeting with the student and faculty to discuss the documented disability and applicable accommodations.

Accommodations received in postsecondary education may differ from those received in secondary education and are reasonable as they relate to the industry or field. Accommodations change the way the student is instructed. Students with disabilities may need accommodations in such areas as instructional methods and materials, assignments, assessments, time demands, schedules, learning environment, assistive technology and special communication systems. Note: attendance does not qualify as an accommodation. Documentation of the accommodation requested and provided is maintained in a confidential file.

Students in need of academic accommodations for a disability may consult with the special populations staff to arrange appropriate accommodations. Students are required to give reasonable notice (typically 5 working days) prior to requesting an accommodation.

TUITION

Tuition is charged to adult students at a rate established by the State legislature. Current fee information is available in the Admissions Office. Tuition is waived for eligible high school, career dual enrolled students. Tuition is due prior to the first day of each payment period based on the Lake Technical College payment calendar. Failure to pay fees at the time class begins may result in not being able to attend class and/or clinical.

INSURANCE

Personal injury/school accident insurance is required for all Career and Technical Education students. This insurance is provided through Lake Technical College at the rate of \$1.50 a month. The accident insurance fee will be charged to students per payment period.

Health programs with clinical experiences require liability insurance in conjunction with requirements by the healthcare facilities. The liability insurance fee is charged to students at the time of enrollment.

ATTENDANCE POLICY

Guidelines for All Students

In an effort to develop professional skills, regular attendance is required of all students. Students are expected to be in their class promptly in the morning, after break, and after lunch. If it is necessary to be absent due to illness or emergencies, all students are to notify the faculty member as soon as possible prior to the start of class, as is expected in the workplace. Some programs have more rigid requirements for attendance. LTC recognizes that students may face extenuating circumstances that could negatively impact their attendance. In such cases, LTC employs a Student Retention Specialist who works with students and faculty to track attendance, to collaborate in developing strategies to improve attendance, and to develop a plan.

CDE students are responsible for maintaining attendance in good standing at LTC. Should a student need to miss class due to mandatory high school activities or tests, the student should give notice to their instructor and meet with the Student Retention Specialist to document the absence. Approved absences may be set to not count against the student's overall attendance average.

Enrollment Period – period of time a student begins his/her education and training in a CTE program (i.e., August 15th, January 3rd) through the date of withdrawal or completion.

Payment Period – a set block of time in which a student pays for program hours (i.e., 300 hours, 450 hours)

Students who are approved to make up missed time must complete the required hours through attendance during designated times outside the regular program schedule. Failure to complete scheduled make-up time may result in withdrawal from the program and/or loss of financial aid. Make-up hours may not exceed 5% of the scheduled hours in the payment period. There is a \$25.00 make-up time fee per payment period.

Regularly scheduled class hours will be reported for attendance. Practice exercises completed at home will not count toward hours in a program. Students will be enrolled in additional hours if needed. Current tuition and fees will apply.

Excessive absences - A student who is absent for six (6) consecutive class sessions will be withdrawn from his/her program. A student must petition and be approved in order to return. Students exhibiting a pattern of consecutive absences of less than six days will be subject to dismissal as determined by a School Intervention Team. A School Intervention Team will review all petitions for re-enrollment. No additional fees will be charged if the student returns during that current payment period, provided fees have not been refunded; however, time missed may be added at the end of the program and will incur additional fees.

The excessive absences policy also applies to the adult education student. If the student requests to be re-enrolled during the same enrollment period, he or she will be assessed a \$10.00 re-enrollment fee. This may be waived depending upon mitigating circumstances.

Students with excessive absences will face the possibility of the loss of financial aid, lower professional skills grades and the ability to continue in the program.

**Note: licensure program attendance policies may be more rigid due to licensure requirements and supersede this policy.*

Leaving Campus During School Hours

For safety reasons, students will notify their faculty when leaving campus early. Students may leave campus for lunch provided this is done within the allotted time.

CHECK IN/OUT FACTS AND RULES

1. Students are required to check in and check out using a designated school computer.
2. Students are to check out/-in when going to lunch or leaving campus, but not for scheduled breaks or restroom breaks. However, students who leave for extended periods of time without permission will be checked out by their instructor.
3. Checking in early does not add time to hours present.
4. Checking out after the scheduled time of class does not add time to hours present.
5. Students must check out/in for their lunch breaks. Taking less than a 30-minute lunch break does not add time to student hours present. Lunch break starts at the time a student logs out for lunch. Students are expected to return and log back in within 30 minutes of the logout time. Students will be marked absent for each minute past the 30 minutes allowed.
6. If a student accidentally checks out, he/she should check back in immediately. If done within a minute, there is no reduction in student hours present.
7. It is NOT acceptable to check in or out for other students. Check in/out student IDs are to be kept confidential as stated in the Acceptable Use Policies. Violation will result in dismissal from the program.
8. A student must notify his/her instructor if it is suspected that someone is tampering with another student's check in/out ID.
9. Instructors are permitted to perform attendance overrides to correct attendance errors; however, these corrections must be made within two weeks of the original attendance date. Any changes needed beyond this two-week window must be submitted to the appropriate administrator for review and approval. Each instructor is allowed to complete **one** attendance override per student per academic year in cases of student oversight (e.g., forgetting to log out at the end of the day). Any additional overrides for the same student must be approved by an administrator.
10. There is NO limit to the number of instructor overrides if NOT due to the student's negligence. Instructors must record a reason for the override.
11. If a student's check in/out ID does not work, he/she should see the instructor.

PLAN OF INSTRUCTIONAL PRACTICES

Teaching Methods

Lecture, demonstration, discussion, group interaction, verbal and written quizzes, skill practice, individualized instruction, computerized tutorials, interactive learning, web-based learning, textbooks, workbooks, projects, journals, reports, simulations, hands-on computer experience, collaborative learning, video-taped instructions, guest speakers, field trips, customer service projects, program job shadowing, cooperative on-the-job training, interactive learning, and web-based learning are among the teaching methods utilized.

Among the provisions made to allow for individual differences are pre-testing to determine entry level, workbooks and study guides for progress at individual rate, progress grading, individualized instruction, individual project assignments, and referral for basic skills remediation.

Online Access

Technology is an integral part of our daily lives. From smart phones to electronic tablets, these devices are becoming items that many cannot function without. In addition, the Internet is changing the way education is delivered. Lake Technical College strives to ensure that our students are able to compete in this technology driven world. With this in mind, it is recommended that students have an online presence and access to the internet.

It is also important that students have an email address that they check for on a regular basis. A lot of information may come to you through your email, so it is important that you check it regularly. If you do not have an email address, there are numerous services that provide FREE email addresses. Please make sure your faculty have a current, working email address for you. See your faculty for more information.

Social Media

The advent of social media has created a world-wide communication medium for people of all ages. While extremely popular, these websites have also created their own set of "not-so-popular" problems such as cyber-stalking, identity theft, cyber-bullying, cyber-cheating (posting of exam, or other course material), and a host of other nebulous challenges that users may face. Another reality associated with social media is its far-reaching consequences for those who share posts that may be seen by others as inappropriate.

Potential employers, current employers, civic, or educational organizations you may be associated with, and many others are looking at social media sites for information that may tell them things about an individual. Students should also be

cautioned on how private their social media content really is – despite the settings on an account. All social media sites are potentially vulnerable. A simple search of how to view pages that are set as “private” for a popular social media website yielded numerous responses for ways to view the content. Everything from blogs to online videos offer to explain how to accomplish this task.

Students in all programs need to be cognizant of the fact that most professions rely on great moral character. It is recommended that when using social media, assume that all posts will be seen/read by everyone with access to the internet.

Evaluation

Class performance, quizzes, tests, attendance, portfolio assessments, completion of project assignments, decision-making, professional skills, achievement of entry-level competencies, and other methods are used for evaluation. See “Grading Procedures”.

Work Based Activities

Work-based learning activities play an integral part of the curriculum of LTC’s career-technical training programs. These activities are planned with two objectives in mind. First, the activity provides students with the opportunity to develop and apply a “real world” experience using the knowledge and skills attained in the program. Second, the activity provides the faculty with objective input from potential employers or customers of program graduates. Each work-based activity has a written instructional plan outlining objectives, experiences, competencies and evaluation required during the activity.

Work-based activities are program specific and may include:

- Unpaid in-school shop/lab activities to provide customer service opportunities under the direct supervision of the program faculty.
- Unpaid job shadowing experiences that may include in-school or off-campus employer-based experiences under the supervision of a qualified employer representative who is working closely with the program faculty.
- Paid or unpaid cooperative training experiences conducted at the employer’s work location under the supervision of a qualified employer representative and under the direction of the program faculty.

Cooperative Education

Cooperative training is available for students and coordinated by the faculty. Cooperative training is for students who have shown competence in program training that indicates readiness for placement in an on-the-job program. High school students participating in the cooperative job placement program must be in at least grade 12. Students must be enrolled in their last course of their program in order to participate in Co-op. In addition, basic skills exit levels must be met and the student can have no outstanding debt with the school. Students must be approved for Co-op prior to beginning, including clearance through financial aid.

Students may be returned to the program for additional training if they do not function satisfactorily on the job or when the cooperative agreement is terminated at the request of the student, parent, employer, or program faculty. Veterans will be accepted into the program in accordance with the Department of Veterans Affairs approved program.

Additional information regarding co-op opportunities may be obtained from the program faculty.

Job Shadowing

Job shadowing experiences, or volunteer experiences, are available to students as part of their program training. These experiences are designed to give the student actual hands-on experience doing a variety of related tasks. Length and type of experiences will vary. The program faculty determines appropriateness of the experience. Additional information regarding job-shadowing experiences may be obtained from the program faculty.

Career Dual Enrollment Students

All students enrolled in Lake Technical College are expected to function as adults. High school students will be held to the same behavioral and performance standards as adult students.

GRADING PROCEDURE

The grading scale for LTC is as follows:

90 – 100	A (4 quality points)
80 – 89	B (3 quality points)
70 – 79	C (2 quality points)
60 – 69	D (1 quality point)
< 59	F (0 quality points)
I	Incomplete
NG	Not Graded

Note: passing thresholds may vary by program based on industry standards. Separate program requirements are listed in the Master Plan of Instruction.

Lake Technical College is a postsecondary institution designed to provide trained individuals to industry. The grading scale for this program reflects industry standards. The approved postsecondary program grading requirements must be met if the student is to receive a certificate. In determining grades, most programs evaluate students equally in the areas of skills (33.34%), knowledge (33.33%), and professional skills (33.33%). This structure should be included in the Master Plan of Instruction. A few programs do not use this structure due to State licensure, board and/or curricular requirements.

Program Progress

Students are expected to complete the program of training within the hours allotted by the State of Florida for completion. The student's rate of progress will be closely monitored by the faculty and the Student Retention Specialist to ensure program completion in a timely manner. Most tests, projects, and similar assignments must be completed in class under the direction of the instructor.

Requirements for a Certificate

All competencies specified in the State of Florida Curriculum Framework for the program must be successfully completed with at least a passing grade in the areas of skills, knowledge, and professional skills. Students must also meet minimum basic skills requirements prior to graduation.

Professional Skills

Effective professional skills are the cornerstone to successful employment. Students are expected to demonstrate productive professional skills during all phases of enrollment. Faculty will work with students who need assistance in this area to improve the overall possibility for successful employment.

Attendance: Attends class for all scheduled hours assigned, arrives/leaves on time, contribute to class discussion and is actively involved in all activities.

Character: Displays academic integrity (inclusive of not committing plagiarism), trustworthiness, dependability, reliability, self-discipline, and self-responsibility.

Teamwork: Respects the rights of others; is a team worker; is cooperative; ensures confidentiality in all classroom, clinical and other matters; demonstrates professional behavior in interactions with peers, preceptors, and faculty.

Appearance: Displays appropriate dress, grooming, hygiene, and wears full regulation uniform of the day.

Attitude: Displays a willingness to cooperate and accept constructive criticism; sets realistic expectations; approaches assignments with interest and initiative.

Productivity: Follows safety practices; conserves materials and supplies; maintains equipment; stays on task and utilizes time constructively; demonstrates proactive learning through involvement in activities and contributions to class discussions.

Organization: Manifests skill in prioritizing and management of time and stress; demonstrates flexibility in handling change; completes assignments on time; uses work time appropriately.

Communication: Contacts faculty to report concerns; notifies faculty of tardy/absence one hour before start of class; seeks clarification and understanding through appropriate, pertinent questions.

Leadership: Displays leadership skills; appropriately handles conflict and concerns; demonstrates problem-solving capability; maintains appropriate relationships with supervisors/faculty and peers; follows the chain of command.

Respect: Deals appropriately with cultural/racial diversity; does not engage in harassment of any kind to include but not limited to verbal, nonverbal, and written; addresses faculty and peers in appropriate tone and with appropriate language to include but not limited to electronic (email, text, etc.) communications.

STUDENT DRESS CODE

Students who attend Lake Tech shall dress in a manner appropriate for the job in which they are receiving training, including any special protective gear and professional uniforms. All clothing, makeup, and jewelry must be clean, neat, modest, in good repair, appropriately sized, and be neither distracting nor offensive. Students are expected to display their valid student ID, or have on their person when unable to display due to safety in the program, at all times. Shorts are not permitted in CTE program areas.

The Executive Director or designee has the final authority for determining whether or not a student's apparel conforms to the dress code. If it is determined that it does not, students will be required to change into clothing which will conform to this code or leave campus. Students may return to campus when they have changed into appropriate clothing.

Students will wear the designated program uniform each day to class and while on a Job Shadow experience, Co-op or clinical assignment. Shirts may be worn with pants or skirts. Shorts are not permitted. On designated days, some programs will require students to dress in business attire suitable for a job interview. This is defined to be clothing that would be acceptable for most job candidates to wear to a standard job interview.

NOTE - Remember that you are preparing for employment in a position in which public relations may be a factor in your success. Individual desires cannot always take precedence.

GENERAL SCHOOL INFORMATION

Campus Safety

Lake Technical College makes every effort to provide a safe environment for all students, visitors, faculty and staff. Basic safety standards, which will include fire drills, weather drills, equipment usage, and traffic regulations, will be covered in the program orientation. These basic safety standards will be reinforced throughout the program enrollment. See the current school catalog for additional campus safety information.

Follow Up

Lake Technical College is proud of its graduates and celebrates the next step graduates take whether it is employment, military or further education. Prior to completing, students may visit the Career Success Center for assistance with employability skills such as resume writing. In addition, faculty may provide students with employment leads. However, it is up to the individual student to actively pursue employment opportunities. We like to hear how our graduates are doing and want to celebrate your successes so be sure to communicate with your faculty any employment, military, or further education you enter. Students are required to participate in an Exit Interview prior to their last day in their program.

Food and Drink

To protect equipment and furnishings in the classroom and laboratory areas, only water, in closed, covered containers, is permitted. No other food or drinks are allowed, unless specific permission is granted by the faculty. However, under no circumstance may food or drinks be in the computer lab areas.

Lunch

Food services are provided on the main campus in the Lake Tech Café and are available during breaks and lunch. Adult students may leave the LTC campus during the scheduled 30-minute lunch break as long as they return to the program on time.

Parking Regulations

Students may park only in the south parking lot in spaces not designated as staff or customer service parking. For safety, loitering in or around vehicles once the vehicle is parked is not allowed, and a 5 mph speed limit is enforced. In consideration of the neighbors and classes in session, loud music in vehicles on campus is prohibited.

Smoking

Lake Tech is a tobacco free institution. The use of tobacco products of any kind, including e-cigarettes, is not permitted at any Lake Tech location. This includes the parking lots.

FINANCIAL AID

Policies and guidelines for the administration of all financial aid are established according to federal and state law. Applicants complete an information form, Free Application for Federal Student Aid, and furnish documentation needed to verify eligibility. More information on the application process may be obtained in the Financial Aid Office.

The Financial Aid Office will assist students, where possible, with access to financial support offered by federal agencies (U.S. Department of Education – Pell Grants, Department of Veterans' Affairs), other state and local agencies and local organizations (scholarships).

TEXTBOOKS

For the most recent book list for any program visit Lake Technical College's bookstore located in the Business Office.

LAKE TECHNICAL COLLEGE
Baking and Pastry Arts

INTRODUCTION

The need for bakers and cooks is ever present. Qualified people may secure employment in bakeries, restaurants, institutions, and in other phases of the food service industry. As experience and skills develop, many fine opportunities will open in the bakery/restaurant allied trades. In every area of this industry, employees are encouraged to further their education. The head baker and the executive chef usually have sound work experience as part of their training.

The purpose of the program is to prepare students for employment in the baking and pastry arts / hospitality field. It is also designed to assist those students who wish to update their present skills. The program focuses on student and industry needs, and training is constantly updated by the faculty and program advisory committee to keep current with technological changes.

The objectives of this program are to provide the basic skills and understanding which will prepare the student for entry-level employment in the food service industry. The objectives are as follows:

1. Convey information.
2. Develop manipulative skills.
3. Stimulate through discussion.
4. Solve problems.
5. Promote good morale.
6. Facilitate job satisfaction.
7. Help reduce job turnover.
8. Help insure a more efficient work force.

Skills taught will allow the students to:

1. Be competent in all areas related to food service occupations upon completion of the student learning guides. These areas address such things as first aid, human communications, basic science, and entrepreneurship.
2. Demonstrate the ability to acquire and retain employment through post-graduation job placement and follow-up.

After completing the Baking and Pastry Arts program, the student has several means of making job contacts: direct application to a business employment office, faculty, CollegeCentral.com, the program advisory committee, networking, and through digital advertisements.

Once employed, there is no set route for advancement. Promotions usually are made from within an establishment. As openings occur, an employee with desirable training and traits will probably receive the promotion.

Most food service occupations start at minimum wage. The rate of earning above minimum wage depends on the factors of experience, character, education, and ability to work in more than one area of food service.

This program requires basic skills exit scores of Reading/Language 9 and Math 9.

PROGRAM PHILOSOPHY

We believe in an education and training program that will provide all the knowledge and skills, occupationally and socially, that are required for a successful career in baking and pastry arts / hospitality. This will be accomplished by the following:

1. A program and curriculum designed to educate and train all individuals to meet or exceed the entry-level requirements of industry in this area.
2. Development of world-of-work attitudes, social responsibilities, financial planning, and self-evaluation that prepares individuals for successful employment careers and a full and meaningful life.
3. Work-based activities that will ensure actual experiences directly related to the chosen career field.
4. A continuous re-evaluation of the program based on technical changes and employment requirements.

ESSENTIAL TASKS

Top Physical Requirements:

- Bend, crouch, stoop, kneel, and reach and perform repetitive hand and arm movements frequently during food preparation and cleanup.
- Lift and carry ingredients, equipment, or trays weighing up to 50 pounds from floor to chest height.
- Stand for extended periods of time while mixing, shaping, baking, and plating products.
- Safely operate ovens, mixers, proofers, and other commercial baking equipment.
- Demonstrate manual dexterity to safely handle small tools, utensils, and ingredients.
- Work safely in hot, humid, cold, or confined

environments (including walk-in coolers/freezers, prep tables, and storage racks).

- Maintain balance and mobility on wet, uneven, or slippery kitchen floors.
- Work within established time constraints to maintain productivity and product quality.
- Maintain cleanliness and sanitation standards in accordance with food safety regulations.
- Tolerate moderate to loud noise levels, including sudden noises.
- Tolerate flashes of light and/or fire, including unexpected flashes.

Top Mental/Cognitive & Emotional/Professional Requirements:

- Ability to communicate in verbal, written, and electronic form.
- Adapt to new baking techniques, ingredients, and production methods.
- Monitor product quality and identify, evaluate, and correct errors during production.
- Follow multi-step recipes and standardized kitchen protocols in proper sequence.
- Breaks are limited to scheduled times, and personal phone use is restricted except during designated break periods or when required for training purposes.
- Demonstrate patience, persistence, focus, and attention to detail in all tasks.
- Maintain composure and professionalism in a fast-paced, high-temperature kitchen environment.
- Ability to retain, recall, and follow all industry and

program safety protocols.

- Ability to manage tasks and complete assigned activities within expected time constraints.
- Apply basic math skills and time management to baking and production procedures.
- Read, interpret, and follow recipes, instructions, formulas, and measurements accurately.
- Collaborate safely and effectively with instructors, peers, and kitchen staff.
- Maintain continuous engagement in assigned training activities for up to 8 hours per day in an industrial learning environment.
- Exhibit pride in product presentation, quality, sanitation, and safety standards.
- Work independently while remaining accountable for assigned tasks and finished products.

PROGRAM SCHEDULE

Students attend class from 4:00 PM to 9:00 PM Monday through Thursday. This schedule provides 5 hours of instruction each day for a total of 20 hours per four-day week, excluding holidays and school breaks as outlined in the current school calendar.

CLASSROOM/LAB PROCEDURES

All students in the Baking and Pastry Arts program are expected to complete all competencies in the Florida Department of Education's Curriculum Frameworks. To obtain this goal, instruction will be given in the form of lectures, learning guides, demonstrations, audio-visual material, hands-on computer activities, discussions, field trips, guest speakers, and laboratory experiences.

GRADING PROCEDURE

Using the grading scale set by Lake Technical College, students must pass each program category with a score of 70% or higher. If a student does not meet the minimum cumulative grade of 70%, the final course grade recorded in the Student Information System will reflect that the student was not successful.

Grading Scale:

90-100	A - Outstanding
80-89	B - Good
70-79	C - Passing
< 70	Failing

KNOWLEDGE (33.33% of the grade)

The Knowledge grade is composed of quizzes, written assignments, and exams. On average, a student should complete one knowledge test a week to stay on track. Students must achieve 70% or better on each test. Students earning less than 70% will be given the opportunity to re-study and take the knowledge test one (1) time.

PROFESSIONAL SKILLS (33.33% of the grade)

The Professional Skills grade is based on the ten attributes listed below and will be assessed daily.

- Attendance
- Character
- Teamwork
- Appearance
- Attitude
- Productivity
- Organization
- Communication
- Leadership
- Respect

SKILLS (33.34% of the grade)

The Skills grade results from performance during lab work and skills checks. The student must perform, under supervision, all tasks listed in the Department of Education Student Performance Standards. Students are assessed with the scale below for each lab/skill and are then given an overall rating for the competency. The ratings are as follows:

- 5 - The student can perform this skill without supervision and with initiative and adaptability to problem situations.
- 4 - The student can perform this skill satisfactorily without assistance or supervision.
- 3 - The student can perform this skill satisfactorily but requires some assistance and/or supervision.
- 2 - The student can perform parts of this skill satisfactorily but requires considerable assistance and/or supervision.
- 1 - The student cannot perform this skill even with constant supervision.

If a student scores below three (3) on a skills check, they will have the opportunity to study and repeat no more than two (2) times.

PROGRAM PROGRESS

Students are expected to complete the program of training within the hours allotted by the State of Florida for completion. The student's rate of progress will be closely monitored by the faculty to ensure program completion in a timely manner. Most tests, projects, and similar assignments must be completed in class under the direction of the instructor.

STUDENT DRESS CODE FOR SAFETY

Uniform Requirements

Uniforms, which are a mark of the trade or profession, should be worn with dignity and pride. Students are required to wear a chef's coat and cook's pants. Clean socks (white, black, or neutral) and comfortable slip resistant shoes with low rubber heels are also required. Shoes must be clean and in good repair. No street shoes, canvas shoes, or slides/sandals will be allowed.

Uniforms (to be worn daily)

- Chef's coats (to be worn daily)
- Cooks' pants (cotton)
- Flat, closed-toed, rubber-soled, leather-upper, slip resistant shoes
- Approved head cover

Students will be required to wear their clean uniforms (1 set each day – 4 sets total suggested) while working in food preparation areas and while on campus. Approved head cover is required in all culinary program areas. Students arriving to class with soiled uniforms will be asked to clock out and go home due to sanitation regulations.

Personal Hygiene

1. Bathe and shower daily (men will be clean shaven or wear beard nets).
2. Wear clean uniforms and aprons.
3. Always wear an approved head cover or hair net.

4. Wash hands as often as necessary during work, including:
 - After eating, drinking, or smoking.
 - After using the restroom.
 - After touching or handling anything that may be contaminated with bacteria.
5. Keep hands away from face, eyes, hair, and arms.
6. Fingernails must be natural, neat, short, scrubbed, and free of contamination (no fingernail polish).
7. Wearing jewelry other than a wristwatch or a plain wedding band is prohibited.

GENERAL PROGRAM INFORMATION

Special Events

Activities which enhance the learning experiences for the student are not always available during the standard school day. Special events are occasionally planned beyond the regular program time.

Supplies

- One (1) 3-ring notebook with 3" rings
- Notebook paper
- #2 pencils
- Ballpoint pen
- Ream of copy paper

JOB TITLES

Baking and Pastry Arts

Training in this program could gain a student initial employment as a:

Baker, Baker's assistant, Cake Decorator, Bakery Clerk/Sales, Head Baker/Pastry Chef, Bakery Management, various positions at local restaurants, supermarkets, hotels and resorts who produce desserts daily.

PROGRAM OBJECTIVES

See the attached Florida State Department of Education Curriculum Framework for program objectives and desired competencies.

Florida Department of Education
Curriculum Framework

The standards and/or benchmarks for this program were updated for the 2026-27 academic year.

Program Title: Baking and Pastry Arts
Program Type: Career Preparatory
Career Cluster: Hospitality & Tourism

Career Certificate Program		
Program Number	N100600	
CIP Number	0612050103	
Grade Level	30, 31	
Program Length	600 clock hours	
Teacher Certification	Refer to the Program Structure section.	
CTSO	SkillsUSA	
SOC Codes (all applicable)	For program SOC codes, please see the Program and Course Tables section of the CTE Program Resources page linked below.	
CTE Program Resources	http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/program-resources.stml	
Basic Skills Level	Computation (Mathematics): 9	Communications (Reading and Language Arts): 9

Purpose

This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in the Hospitality & Tourism career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of the Hospitality & Tourism career cluster.

The content includes but is not limited to preparation, presentation, and serving of a wide variety of baked and dessert goods; leadership, communication skills, employability skills, and safe/efficient work practices are also covered.

Additional Information relevant to this Career and Technical Education (CTE) program is provided at the end of this document.

Program Structure

This program is a planned sequence of instruction consisting of two occupational completion points.

This program is comprised of courses which have been assigned course numbers in the SCNS (Statewide Course Numbering System) in accordance with Section 1007.24 (1), F.S. Career and Technical credit shall be awarded to the student on a transcript in accordance with Section 1001.44(3)(b), F.S.

To teach the courses listed below, instructors must hold at least one of the teacher certifications indicated for that course.

The following table illustrates the postsecondary program structure:

OCP	Course Number	Course Title	Teacher Certification	Length
A	FSS0090	Pastry Cook/Baker	FAM CON SCI CULINARY 7 G	300 hours
B	FSS0091	Pastry Chef/Head Baker		300 hours

Regulated Programs

Information on Department of Health rules that affect culinary programs is available at:
<https://www.flrules.org/gateway/chapterhome.asp?chapter=64E-11>.

This program is regulated by the Florida Department of Business & Professional Regulation, Division of Hotels and Restaurants.

It is strongly recommended that teachers obtain the Employee Foodhandler Training Certification, as well as the food safety manager training/certification, More information available at the Florida Department of Business & Professional Regulation

Florida's Career Readiness Skills for CTE Programs

Employability Skills

01.0	Apply academic skills to workplace scenarios.
01.01	Use reading skills.
01.02	Use writing skills.
01.03	Use mathematical strategies and procedures.
01.04	Use scientific principles and procedures.
02.0	Design a solution to an industry problem.
02.01	Use critical thinking.
02.02	Use creativity.
02.03	Make sound decisions.
02.04	Solve problems.
02.05	Reason.
02.06	Plan and organize.
03.0	Manage resources within an industry project
03.01	Manage time.
03.02	Manage money or resources.
03.03	Manage materials.
03.04	Manage personnel.
04.0	Oversee the subcomponents, operations and output of a technical or organizational system.
04.01	Manage systems.
04.02	Monitor systems.
04.03	Improve systems.
05.0	Use information for decision making.

05.01	Locate information.
05.02	Organize information.
05.03	Use information.
05.04	Analyze information.
05.05	Communicate information.
06.0	Apply relevant technology to workplace scenarios to aid productivity.
06.01	Use technology.
07.0	Interpret and express interpersonal communication.
07.01	Communicate verbally.
07.02	Listen actively.
07.03	Comprehend written material.
07.04	Convey information in writing.
07.05	Communicate nonverbally.
07.06	Interpret nonverbal communication.
08.0	Interact with others to accomplish workplace goals.
08.01	Collaborate with others in a team.
08.02	Respond to customer needs.
08.03	Exercise leadership.
